

18 June 9:00 - 9:30

Registration

18 June 9:30 - 10:30

Keynote

18 June 10:45-11:15

Maximo - Supercharging EAM with Maximo IBM  
Maximo - Planning and Deploying for day-one productivity. IBM GBS  
Agile Development & Cloud-based Deployment  
Model Based Systems Engineering  
Best practices, workplace experience, digital transformation  
IoT Platform Foundation

18 June 11:30 - 12:00

Maximo - Bringing Analytics and AI to asset management IBM  
Maximo - EAM applied in Industrial Sector IBM Industries  
Agile Development & Cloud-based Deployment  
Model Based Systems Engineering  
Best practices, workplace experience, digital transformation  
IoT Platform Foundation

18 June 12:15 - 1:15

Networking Lunch @ Expo Center

18 June 1:15 - 1:45

Maximo - Next generation manufacturing IBM  
Maximo - Best practices of a leading Partner in the industry  
Agile Development & Cloud-based Deployment  
Model Based Systems Engineering  
Best practices, workplace experience, digital transformation  
IoT Platform Best Practices

18 June 2:00 - 2:30

Maximo - Expand core EAM capabilities  
Maximo - Driving Industry Transformation 1  
Quality and Test Management  
Model Based Systems Engineering  
Best practices, workplace experience, digital transformation  
IoT Platform Best Practices

18 June 2:30 - 3:00

Afternoon Break @ Expo Center

18 June 3:00 - 3:30

Maximo - Expand core EAM capabilities  
Maximo - Driving Industry Transformation 2  
Quality and Test Management  
Requirements Management incl. Compliance and Regulatory  
Products and Technology / Implementation, Configuration, Upgrades  
Implementing, Managing and Expanding an IoT Platform

18 June 3:45 - 4:15

Maximo Future and Roadmaps 1 IBM  
Maximo - Driving Industry Transformation 3  
Engineering - Future and Roadmaps / AI & Lifecycle Optimization  
Requirements Management incl. Compliance and Regulatory  
Products and Technology / Implementation, Configuration, Upgrades  
Implementing, Managing and Expanding an IoT Platform

18 June 4:30 - 5:00

Maximo Future and Roadmaps 2 IBM  
Maximo - Driving Industry Transformation 4  
Engineering - Future and Roadmaps / AI & Lifecycle Optimization  
Requirements Management incl. Compliance and Regulatory  
Products and Technology / Implementation, Configuration, Upgrades  
IoT Platform - Future and Roadmaps

18 June 5:00 - 5:30

Transfer to "Think at IBM" @ Bikini Mall

18 June 5:30 - 9:30

Networking Reception at Roof Terrace 2nd floor

19 June 9:00 - 10:00

Keynote Day 2

19 June 10:15 -10:45

Maximo Academy Keynote  
Maximo - Driving Industry Transformation  
Agile Development & Cloud-based Deployment  
Requirements Management incl. Compliance and Regulatory  
Best practices, workplace experience, digital transformation  
IoT Platform Foundation

19 June 10:45 - 11:15

Morning Break

19 June 11:15- 11:45

Maximo Expanding Core Capabilities  
Maximo - Driving Industry Transformation  
Model Based Systems Engineering  
Requirements Management incl. Compliance and Regulatory  
Best practices, workplace experience, digital transformation  
IoT Platform Foundation

19 June 12:00 - 1:00

Lunch

19 June 1:15 -1:45

Maximo Expanding Core Capabilities  
Maximo - Driving Industry Transformation  
Model Based Systems Engineering  
Requirements Management incl. Compliance and Regulatory  
Best practices, workplace experience, digital transformation  
IoT Platform Foundation

19 June 2:00 - 2:30

Maximo Expanding Core Capabilities  
Maximo - Industry and Maintenance 4.0  
Model Based Systems Engineering  
Requirements Management incl. Compliance and Regulatory  
Products and Technology / Implementation, Configuration, Upgrades  
IoT Platform Best Practices

19 June 2:30 - 3:00

Afternoon Break

19 June 3:00 - 3:30

Maximo Expanding Core Capabilities  
Maximo - Industry and Maintenance 4.0  
Quality and Test Management  
VoICE  
Products and Technology / Implementation, Configuration, Upgrades  
Implementing, Managing and Expanding an IoT Platform

19 June 3:45 - 4:15

Maximo Expanding Core Capabilities  
Maximo - Industry and Maintenance 4.0  
Quality and Test Management  
VoICE  
Products and Technology / Implementation, Configuration, Upgrades  
Implementing, Managing and Expanding an IoT Platform

19 June 4:30 - 5:00

Maximo Future and Roadmaps 3 IBM  
To be confirmed  
Engineering - Future and Roadmaps / AI & Lifecycle Optimization  
VoICE  
Products and Technology / Implementation, Configuration, Upgrades  
IoT Platform - Future and Roadmaps

19 June 5:00 - 6:30

Expo Reception
